

# UP HEPATIC

**Gut and Hepatopancreas boost by premium Immune & antioxidant support**

## INGREDIENTS:

Immune boosters: Beta-Glucans, Mannan-oligo-saccharides, Chitosan-oligo-saccharides; highly available Selenium from Hydroxy-Selenomethionine; toxin binders.

## MAIN FUNCTION:

- Enhance the resistance to stress and disease by stimulating the non-specific immune defense system of shrimp.
- Support the antioxidant status to ensure proper recovery and development of immune system as well as gut and HP.
- Promote healthy HP: remove mycotoxins, enhance HP detoxification and recovery.
- Support shrimp immunity during episodes of vibriosis, EMS, EHP, and viral infections.
- Reduced impact of stress on performance, such as during periods of water quality changes, high temperatures, low or high salinity, high ammonia, high Vibrio load...
- Enhance growth of shrimp.

## USAGE & DOSAGE:

Top dressing in the feed with a suitable binder:

- In the first 45 days of culture: Mix 5g per 1 kg of feed for 2-3 meals/day.
- 46 DOC to harvest: Mix 2 g per kg feed. 1 time per day.
- HP Issues: 5-10 g per kg of feed; 2-3 meals/day with continuous feeding for 5-7 days.

*For optimal results the product should be used as a part of UP FARM CARE program
